About Me

I am a highly motivated and experienced developer with a passion for open source technologies and a strong foundation in web and software development. Skilled in project management, problem-solving, and communication, and have a track record of successful teamwork and community involvement.

Projects

Google Drive Clone ([link](#))

- Created a visually appealing and intuitive UI for a Google Drive clone using HTML, CSS, and Bootstrap
- Implemented responsive design techniques to ensure optimal viewing on all devices

Portfolio Website ([link](#))

- Designed and developed a personal portfolio website featuring a responsive design, easy-to-use navigation, and integration with social media profiles
- Utilized HTML, CSS, and JavaScript to create a visually appealing and functional website

MSVP Bank ([link](#))

- Developed a responsive banking website frontend featuring a home, about, customers, transactions, and balance section using HTML, Tailwind CSS, and JavaScript

Community Involvement:

- Founded and led a community focused on open source technologies and developer relations. Organized discussions events to foster collaboration and learning among members.
- Active Member in Various Communities: Participated in a range of technical communities, including Stack Overflow, GitHub, Slack, Postman Community, Microsoft Learn Student.
- Contributed to open source projects and participated in online and in-person events and discussions
- Conduct workshops on API 101 with Postman to a group of students. Mentored fellow students in starting their tech journey and helped them to develop their abilities through one-on-one sessions.

Extra-Curricular Activities

- Promoted and organized events and programs on campus as Campus Ambassador at IIT Guwahati & Coding Ninjas. Assisted in the recruitment and onboarding of new students
- Participated in open source programs like Hacktoberfest and SWOC and provided valuable contribution to various open source projects via relevant coursework and experience.
- Microsoft Ignite: Cloud Developer Challenge & Microsoft Student Summit Challenge 2022 participant.
- Coordinated and managed various internships and online training programs for students
